Seven Deadly Saints

Powerwolf

Seven
Seven deadly saints
Oh, seven
Seven deadly saints can fight for usWhen the devil comes for your soul
And the evil will take control
And when Lord Satan is on your mind
And the demons
Call from behindNo revelation
The darkest night
Incarnation
Crucified at midnightCongregation
To provocate
Immolation
It's not too late 'causeStay, I pray
Help me I'm a slave in Satan's order
Stay, I pray
Call the ancient prophecy
Come to meSeven
Seven deadly saints
Oh, seven
Seven deadly saints can fight for usWhen no prayer can ease your pain
And the sermon is all insane
And when your heaven and hope is gone
They will hunt you
For what you've done to usInside the darkness they will wait for you
Seven demons incarnate it's trueMaster help me I'm a slave in Satan's order
Break free, call the age of prophecy
Come to meSeven
Seven deadly saints
Oh, seven
Seven deadly saints can fight for us
