

Gimme a Hit Before I Go

Nashville Pussy

Oh, that feels good, honey Wanna drown in the sweet stench of success
Hang it on the wall and show everyone I'm the best, yeah
And I, I'll keep it clean and play real slow
Gimme, gimme a hit before I go Des Moines, Dresden, St. Sebastian or St. Paul
Every shit hole in every shit town
You know we've played them all, still do
But I, I'd rather do drugs with world famous sluts
I want the whole world to kiss my butt
I'll keep it clean and play real slow
Gimme, gimme a hit before I go Last night I fell down on my knees and said, "Calling all Gods"
Come Jesus, come Buddha, come Allah, hell, bring them all, yeah
Now I ain't saying I deserve a thing
But it'd be real cool if you made me king I'll keep it clean and play real slow
Gimme, gimme a hit before I go
Gimme a hit before I go
Gimme a hit before I go
Just gimme a hit before I go
Gimme a hit before I go
Gimme a hit before I go
Gimme a hit before I go
