

# Regret

Doe Paoro

I came to Palenque  
to mourn my stillborn dream  
Please let it breathe  
Step in a dried-up stream  
All these broken reeds  
I can't seem to learn  
Can't seem to be sure  
Oh, the heavy threat  
Could I have been better than?  
Now all I'm left with is my regret  
Now I'm in love with my regret, my regret  
All I was told  
All the ways I followed:  
Wasted, misplaced  
I'm gone.  
Listen to me  
but my voice can't call out  
I can't seem to learn  
Can't seem to be sure  
Oh, the heavy threat  
Could I have been better than?  
Now all I'm left with is my regret  
Oh, the heavy threat  
Could I have been better than?  
Now I'm in love with my regret  
my regret  
my regret  
my regret  
Oh, the heavy threat
