

# Sell Me a Pony

Dave Stamey

Mister could you sell me a pony  
To carry me home  
I'm tired of being afoot  
I'm tired of being alone  
The winds are gettin cold now  
Hope I ain't waited too long  
Mister could you sell me a pony  
To carry me home  
Woah  
Sell me a pony to carry me home

Make him deep in the heart girth  
He's gotta go many a mile  
I need him to be good footed  
I need him just a little bit wild  
We gotta cross many a mountain  
Before I see my baby smile  
Mister could you sell me a pony  
To carry me home  
Woah  
Sell me a pony to carry me home

Open the gate  
Swing it wide  
No time to waste  
My baby's waiting for me on the other side

Mister do you have a saddle  
That I could ride  
Its been a long time since it was mounted  
Been a long time since I tried  
Nothin like a good ol A4  
To get me back my pride  
Mister could you sell me a pony to carry me home  
Woah  
Sell me a pony to carry me home

Open the gate  
Swing it wide  
No time to waste

My babyâ€™s waiting for me on the other side

Could you show me the trail  
Show me where I went wrong  
Where was that turn  
That left me out here for so long  
Show me the way  
To get me back my song  
Mister could you sell me a pony to carry me home

Woah  
Sell me a pony to carry me home
