Home in a Minute

Calvin Richardson

Work shift is over
Ooooo
I've got just one thing on my mind
Mmmm
Such a divine ladyAll spends been on me
All day
But I'm headed your way
It's all right (ooo)
It's on tonight lady
About to get up out this joint
Cause you're gonna be home in a minute
Ain't no doubt gonna run it down
All up in it
Just as soon as you walk in
turn out the light
Just let me satisfy
All night long temptation strong
Cause you're gonna be home in a minute
Won't waste no time
Messing around
All up in it
Boy when you come home
Lets take our time (gonna take our time)
Just let me satisfy (ooo)
I love the way we get it on
You text me you're ready
(Oooo)
In your t-shirt and panties
So profound (so profound)
You're perfectly brown (sexy brown)
Skin baby
I wont be long girl
(Nooo)
I'm on the corner where sex and drive (sex and drive)
Come together and intertwine (intertwine)
I smell the smell of your perfumeCause you're gonna be home in a minute
Ain't no doubt gonna run it down
All up in it
Just as soon as you walk in

turn out the light
Just let me satisfy
All night long temptation strong
Cause you're gonna be home in a minute
Won't waste no time
Messing around
All up in it
Boy when you come home
Lets take our time (gonna take our time)
Just let me satisfy (ooo)
I love the way we get it onOooo

There's no place you're like no other
Lady
The right explosion I can just do
Save me
No one as good as me
As long as there's you
Hold me tight
And don't you let goHome in a minute
Ain't no doubt gonna run it down
All up in it
Just as soon as you walk in
Just turn out the light baby
Just let me satisfy (let me satisfy you)
All night long temptation strong
Cause you're gonna be home in a minute
Wont waste no time
Me'ssing around
All up in it
Boy when you come home
Lets take our time
Just to satisfy
I love the way we get it on
