

# Goodbye In His Eyes

[Natalie Imbruglia](#)

I could tell that it was over  
When his lips met mine  
It was an emptiness in his voice  
Hesitation when he smiled  
He didn't have to say a word  
It was just so plain to see  
He had found what he'd been looking for  
And I knew it wasn't me I saw goodbye in his eyes  
I don't think I can change it  
There's no way to disguise  
We will never make it Sometimes I feel like a clown  
Who can't wash off her make-up  
The life I wanted, it was gone  
Prince Charming, he wasn't  
But I would trade a thousand Babylons  
To be in his arms tomorrow  
Oh, but like the tide his love has come and gone  
And it's time for me to go I saw goodbye in his eyes  
I don't think I can change it  
There's no way to disguise  
We will never make it  
(Now he sees right through me) Should I hold on to what we've got?  
Is it just a waste of time?  
One thing that I know for sure  
I saw goodbye in his eyes  
I saw goodbye in his eyes I know you've got somebody new now  
And all my candles have burned out  
She's gonna love the way you shine  
But so did I  
So don't smile at me, if it ain't what you mean  
(Goodbye) With that goodbye in your eyes  
I know that I can't change it  
(Now you see right through me)  
There's no way to disguise  
We will never make it I saw goodbye in your eyes  
I know that I can't change it  
(Now you see right through me)  
I saw goodbye in your eyes)  
Should I hold on?

We will never make it  
(I saw goodbye in your eyes  
I saw goodbye in your eyes)One thing that I know for sure  
I saw goodbye in your eyes  
I saw goodbye in your eyes  
I know that is over
