Clouded

Gurnumsbug

Sad version of abject life
Enlighment feeds my decay
Sombre proper to ecstasy
Bring this dark day of frenzyShame while I fly high
Incite tears to my eyes
Hopeless mind...Pain Life creates
Above the skies of sorrow, I'm...Crawling..Crawling on the darkened shore
Seas of despair saturate my soul
Rising..Rising from this clouded land
Life of despair shall forsake my soulHopeless mind...Pain life creates
Above the skies of sorrow, I elevate
Shame while I fly high
Incite tears to my eyesFading..Fading from the mortal ground
Sad version of grievous soulShame while I fly high
Incite teras to my eyes
Hopeless mind...Pain it creates
Above the skies of sorrow, I elevate
