Screaming Trees

Come in under fallen galaxies
Keeping heaven and earth apart
All the skin, it can crawl all over me
You're watching me crawl from the startDestinations end
Wherever you go, don't follow me
The silence that you send
Is all you show, I can't believe
That the last one left the ground
You're still waiting for me nowLining up at the shrine, all stars are gone
Clean it up where the dirt is down
All you find is a burned out Babylon
Down and over without a soundDestinations end
Wherever you go, don't follow me
The silence that you send
Is all you show, I can't believe
That the last one left the ground
You're still waiting for me nowDestinations end
Wherever you go, don't follow me
The silence that you send
Is all you show and I can't believe
That the last one left the ground
And you're still waiting for me nowLining up at the shrine, all stars are gone
Clean it up where the dirt is down
All you find is a burned out Babylon
Down and over without a soundCome in under fallen galaxies
Keeping heaven and earth apart
All the skin, it can crawl all over me
You've been watching me crawl from the start, oh yeah
