

# Higher

## Twelve24

all I've been through time after time  
I know that I can trust you arms open wide  
You lift me up from the darkness into the light  
And so I throw my hands up singing I will survive  
    You take me higher, High  
    High off the ground  
    You take me higher, High  
    Higher  
Higher, High, High off the ground  
You take me higher, High, Higher  
    You take me  
    Let me tell you 'bout a love  
    That I know so real  
Know so real That I can't conceal  
    Like have no poppy(?)  
    And that God got me  
    That's why it is  
    What it does  
    What it do  
    This is for you  
    Yeah I mean you  
    Lay it all down  
    And watch what He do  
Everything broken or made new  
That's why he died on the cross  
    And I know you take me  
    Higher  
    All I've been through  
    Time after time I know that  
        I can trust You  
        Arms open wide  
    You lift me up from the darkness  
    And so I throw my hands up singing  
        I Will Survive  
        You take me higher, high  
        High off the ground  
        You take me higher, high  
        Higher,  
        Higher, high

High off the ground  
You take me higher, high  
You take me  
You take me  
Yeah You take me higher  
Reload with the clip from the fire  
Bang!  
Yeah I've been through the wire  
But I'm better than ever I burn brighter  
I put in the work  
Me and my team won't go in reverse  
Won't let my past return in my future  
Christina, take 'em to church  
You take me higher, high  
High off the ground  
You take me higher, high,  
Higher  
Higher, high  
High off the ground  
You take me higher, high  
You take me  
You take me higher, high  
High off the ground  
You take me higher, high  
higher,  
Higher, high  
High off the ground  
You take me higher, high  
You take me!
