[Rah Digga:] Yeah Rah Digga  
First lady of the flipmode squad  
First lady of the outsidaz, Jamelia  
The collaboration is going down  
UK meets the states  
Some more Rocky Balboa Ish going down  
Right here (oooh oooh)  
Uh uh uh uh uh hey ladies  
I wanna take this time to talk  
To all my sisters out there  
All my independent, hardworking sisters  
Who don't need nothing from no man  
Got their own business going down  
You know what I'm saying?  
But theres always that one brother out there  
That just turn you out  
You know what I'm saying  
Come on, come on, come on  
Yeah we goin' talk about him right now  
[Verse 1:] I've never seen somebody  
Do to me what you do  
Never been close to the edge nearly  
Lose my cool  
I'm usually Miss Inde-pendant  
But I'm hung up on you  
I think you're all that  
How you feel about all that?

I'm kinda thinking that you feel it too and:  
[Bridge:] I know (uh uh) you know  
We know where this should go and  
I know (uh uh) you know  
You'd be a fool if you tell me 'no' and  
I can't let you pass me by  
Just fly out of my life  
With no goodbyes  
Yeah yeah, alright  
Let me see your hands in the air  
[Chorus:] Da B, da O, da U, da T

It is what you are baby  
Da H, da O, da N, da E, Y are you so fine?  
Da B, da O, da O, da M  
I feel I need to get with him  
See you so fine  
I want your time  
Tell me what you wanna do  
[Verse 2:]I need to know  
What's up with you  
Do you got a girl  
And is she true?  
I'm feeling that you don't because  
Because  
You got my hand in yours right n
