

I Know It's You

Guards

Take the very best feeling that you ever had
Yeah that's the one, that is what we have
And take the very same feeling that you love to have
The lasting one same that makes you sad
And I, I know it's you
And I, I know it's you
'Cause you and me
I'm not the one you seek
She's coming home now
Straight forward through the light
Oh no baby
What is that I see
Oh there's a girl I love
And she's coming home with me
Well take the very best moment that you ever had
That's the one, that is what we have
Now take the very same moment when you fell apart
Give it back, 'cause that is where you stopped
And I, I know it's you
And I, I know it's you
'Cause you and me
I'm not the one you seek
She's coming home now
Straight forward through the light
Oh no baby
What is that I see
Oh there's a girl I love
And she's coming home with me
