

# Sofia (bogaloo Version)

## Son By Four

I fell in love with a beautiful Puerto Rican girl

And her name was Sofia

I met her in San Juan and I knew

She had be the one, mi nina bonita

Thought everything was fine

When I looked into her Spanish eyes

How was I to know

That she wasn't really mine?

In her eyes, there was another guy

That gave her amor

She couldn't see that my love

Was all she'll ever need

That in my heart, she's the air I breath

I feel her all over my body

Sofia, she's the love de mi vida

Sofia, and she's driving me crazy

Sofia, she's the love de mi vida

Oh, mi nina bonita

Sofia, and I know someday

She's coming back to stay

I can see her every night in my mind

As I fantasize that she's still with me

But I can't deny every time the sun rises

And I open up my eyes, I feel so lonely

Thought everything was fine

When I looked into her Spanish eyes

How was I to know

That she wasn't really mine?

In her eyes, there was another guy

That gave her amor

She couldn't see that my love

Was all she'll ever need

That in my heart, she's the air I breath

I feel her all over my body

Sofia, she's the love de mi vida

Sofia, and she's driving me crazy

Sofia, she's the love de mi vida

Oh, mi nina bonita

Sofia, and I know someday  
She's coming back to stay  
When you look into her Spanish eyes  
You'll know what I mean
