

You Know Better

Mercyme

Youâ€™d think I'd know by now
Whoâ€™s running the show
And what really matters.
But I keep picking a fight
With â€œletting goâ€•
And keep getting hammered

Itâ€™s a knock down.
Drag out.
Oh and I am face down.
For the count.
And I'm reminded.
Iâ€™m not the one in control.

I know you know better so
Why donâ€™t I go whenever
You say come follow wherever you lead.
So wonâ€™t you help me

Would you wake me up
And make me aware
Of what you are doing.
And from my point of view
Itâ€™s not very clear
Where this is going

But itâ€™s your call.
Help me understand.
Itâ€™s not how I fall.
But where I land.
So I'm reminded
Iâ€™m not the one in control.

I know you know better so
Why donâ€™t I go whenever
You say come follow wherever you lead.
So wonâ€™t you help me

Whatever you have in store.
Whatever I am in for.

I want to trust you more and more and more

Oh oh oh oh, you know better
Oh oh oh oh, you know better

And I know you know better so
Why donâ€™t I go whenever
You say come follow wherever you lead.
(I know you know better so)
I know you know better so
Why donâ€™t I go whenever
You say come follow wherever you lead.
So wonâ€™t you help me
I know you know better
I know you know better
