Gravity

Lucy Schwartz

When I walk I touch the sky
I feel ten feet tall
And I know whyIt's everywhere
It's in your eyes
The secret that we can defyGravity
ooh/ La dada dada da
Gravity
ooh/ La dada dada daYou helped me grow
Now you gotta let me go
Cuz I have learned to fly on my ownAnd it's gonna be
Pulling on my heart and soul
But I can't go back now that I knowGravity
ooh/ La dada dada da
Gravity
ooh/ La dada dada daFalling upwards
Catch me if you can
One step forwards
Here we go againGravity
ooh/ La dada dada da/ can't bring me down
Gravity
ooh/ La dada dada da/ can't bring me down
Gravity
ooh/ La dada dada da/ can't bring me down
Gravity
ooh/ La dada dada da/ can't bring me downwhen I walk I touch the sky
