

One Too Far

Jack + Eliza

All you were waiting for
Just like you knew I would
 Taking it one too far
 Only you knew I could
 And we know it'll last
Babe [?] to meAll you were waiting for
Just like you knew I would
 Taking it one too far
 Only you knew I could
 And you know it'll last
Babe [?] to meI feel better when the saints allow it, allow it
 I feel better when the saints allow it, allow it
 All you were waiting for
 Just like you knew I would
 Taking it one too far
 Only you knew I could
 And you know it'll last
 Babe [?] to me
