

Transparent

The Royal Family And The Poor

Consume all the obscene
Persuade the most hideous and ugly
Under every pile and stone

A rebirth for you to findFreedom is to be able to go in any direction
So take the uncertain pathOne foot in the open

Ten feet ahead

Build your own ladder

And don't lie to yourselfSecrets left above the grave
(Its not for one to keep)

You're all so self destructiveSpend more time with the broken
(See what became of their mistake)

You know you're lost when you feel transparentBe at one with the wind
Even if its a struggle

Make this your priorityOpen all your senses to new impressions
Act like all that was has vanishedOne foot in the open

Ten feet ahead

Build your own ladder

And dont lie to yourselfSecrets left above the grave
(Its not for one to keep)

You're all so self destructive

Spend more time with the broken

You know you lost when you feel transparentOne foot in the open
Ten feet ahead

Build your own ladder

And dont lie to yourselfSecrets left above the grave
(Its not for one to keep)

You're all so self destructiveSpend more time with the broken
(See what became of their mistake)

You know you're lost when you feel transparentYou know you're lost, you know you're lost
You really know you're lost when you feel transparent
