Pull Me Closer, Violent Dancer

Project 86

I've got a monster to tame
It looks a lot like your face
I said to let go of all your inhibitions with me
We'll make all our worries disappear with our feetDon't worry, don't worry
Come with me, come with me
And move now slowly, slowly
Sweat it out, sweat it outDon't stop pulling me closer
I love it when you let me fall to your hands
Don't stop pulling me closer
My favorite thing is when you don't stop dancingI've got a monster to please
It says to dance with me
Please violent dancer drag yourself to the floor
And don't stop swinging till we break down the doorsAnd swing now, swing now
Twist around, twist around
And move now further, further
Sweat it out, sweat it outDon't stop pulling me closer
I love it when you let me fall to your hands
Don't stop pulling me closer
My favorite thing is when you don't stop dancingDon't stop pulling me closer
Don't stop pulling me closer
My favorite thing is when you don't stop dancingDon't stop pulling me closer
I love it when you let me fall to your hands
Don't stop pulling me closer
My favorite thing is when you don't stop dancingDon't stop pulling me closer
I love it when the stage is starting to shake
Don't stop pulling me closer
My favorite thing is when you don't stop dancing
