## Zara Larsson

Nobody sees - Nobody knows  
We are a secret - can't be exposed  
That's how it is - .That's how it goes  
Far from the others  
Close to each otherIn the daylight - in the daylight  
When the sun is shining  
On a late night, on a late night  
When the moon is blinding  
In the plain sight - Plain sight  
Like stars in hiding  
You and I burn on, onPut two and to-gether - forever  
We'll never change  
two and to-gether  
We'll never changeNobody sees - Nobody knows  
We are a secret - can't be exposed  
That's how it is - That's how it goes  
Far from the others  
Close to each other  
That's when we uncover, cover, cover.  
That's when we uncover, cover, cover.My asylum - My asylum  
Is in your arms  
When the world gives heavy burdens  
I can bear a thousand tonnes  
On your shoulder - on your shoulder  
I can reach an endless sky  
Feels like paradisePut two and to-gether - forever  
We'll never change  
two and to-gether  
We'll never changeNobody sees - Nobody knows  
We are a secret - can't be exposed  
That's how it is - That's how it goes  
Far from the others  
Close to each other  
That's when we uncover, cover, cover.  
That's when we uncover, cover, cover.We could build a universe right here  
All the world could disappear  
Wouldn't notice, wouldn't careWe could build a universe right here  
The world could disappear  
Yeah, I just need you nearNobody sees - Nobody knows

We are a secret - can't be exposed  
That's how it is - That's how it goes  
Far from the others  
Close to each other  
That's when we uncover, cover, cover.  
That's when we uncover, cover, cover. That's when we uncover.
