

On the Radio Tonight

Lars Brundin

On the radio tonight
Music and Lyrics by Lars Brundin

The bottles are my friends tonight
And the darkness is the only light
You seem to be dancing in the haze
My mind is the stage
In your finest dress covered with happiness

They are playing our song on the radio tonight
They are playing our song on the radio tonight
 Tonight our song tonight

Your soul are so far away
I hardly remember all the words you used to say
 Sometimes you come to me in a dream
 Sometimes you so real
 Sometimes you dance in a field with flowers

The dream seems to be long
 I will sing another song
The first time we danced the first time we kissed

They are playing our song on the radio tonight
They are playing our song on the radio tonight
 Tonight our song tonight
