Keep It In

The Sweet

If you want power
If you got power, keep it in
Don't need no distraction
You got my reaction, keep it inHold on to what you've got
Hold on, oh yeah
Hold on to what you've got
Hold onTake me to the tower
Take me to the tower, keep me in
Burn me with desire
Keep my heart on fire, keep me inHold on to what you've got
Hold on, oh yeah
Hold on to what you've got
Hold on
