Super Sadist

Jack Off Jill

super angry, super hated, super evil, super serrated, super guitar, super faded
never sad sad sad
super hated, super sarcastic, super sedated, the super sadist..
keeps his hands in his mouth that's gold plated
hates himself more and more, cause he's made it super evil, super jaded
never sad sad sad
super hated, super sarcastic, super sedated, the super sadist...
super high tech, super pay check, super ego, super hate pro, super cautious, super nauseous
never sad sad sad
super all gone, super hold on, super ego, super phenomenon, super destroy, super small boy
never sad sad sad
super asshole, super nothing..
