

Super Sadist

Jack Off Jill

super angry, super hated, super evil, super serrated, super guitar, super
faded

never sad sad sad

super hated, super sarcastic, super sedated, the super sadist..

keeps his hands in his mouth that's gold plated

hates himself more and more, cause he's made it super evil, super jaded

never sad sad sad

super hated, super sarcastic, super sedated, the super sadist...

super high tech, super pay check, super ego, super hate pro, super cautious,

super nauseous

never sad sad sad

super all gone, super hold on, super ego, super phenomenon, super destroy,

super small boy

never sad sad sad

super asshole, super nothing..
