

# Utopia

## Murdaball

We'd gather around

    All in a room

    Fasten our belts

    Engage in dialog

We'd all slow down

    Rest without guilt

    Not lie without fear

    Disagree sans judgment

We would stay and respond and expand and include

And allow and forgive and enjoy and evolve and discern

    And inquire and accept and admit

    And divulge and open and reach out and speak up

        This is utopia

        This is my utopia

        This is my ideal

        My end in sight

            Utopia

        This is my utopia

        This is my nirvana

            My ultimate

We'd open our arms

    We'd all jump in

    We'd all coast down

        Into safety nets

We would share and listen and support and welcome

    Be propelled by passion, not invest in outcomes

We would breathe and be charmed and amused by difference

    Be gentle and make room for every emotion

        This is utopia

        This is my utopia

        This is my ideal

        My end in sight

            Utopia

        This is my utopia

        This is my nirvana

            My ultimate

We'd provide forums

    We'd all speak out

    We'd all be heard

We'd all feel seen  
We'd rise post-obstacle, more defined, more grateful  
    We would heal, be humbled, and be unstoppable  
We'd hold close and let go and know when to do which  
    We'd release and disarm and stand up and feel safe

    This is utopia  
    This is my utopia  
    This is my ideal  
    My end in sight  
        Utopia  
    This is my utopia  
    This is my nirvana  
        My ultimate
