

# Outro Amazing Grace

## Destiny's Child

Amazing grace how sweet the sound  
Sound that saves, saved a wretch like me  
I once was lost, lost and but now I'm found  
What you say girl  
But now I'm found  
They still can't feel you  
But now I'm found  
Was blind but now I see  
So amazing 't was grace had taught my heart to fear  
And that grace my fears relieved  
How precious did that grace appear  
Thee hour I first believed  
Thank You Lordy
