Give

The Suicide Machines

I've got a million things going around in my head
And I never really paid attention to what you said no
No, and now I wish that I would have said goodbye
But its much too late, and all I do is give and all you do is takeYou've gotta look before you leap
And take a good look at your so-called friends
Yeah, that's the company you keep
You've got words coming at you from all directionsYou gotta look before you leap
And take a good look at your so-called friends
Yeah, that's the company you keep
They got the words, oh yeahThere's a lot of things that were never said
And if we'd grown up faster then I would have stood up
But I should have cut you loose a long time ago but it's much too late
And all I do is give and all you do is takeYou've gotta look before you leap
And take a good look at your so-called friends
Yeah, that's the company you keep
You've got words coming at you from all directionsYou gotta look before you leap
And take a good look at your so-called friends
Yeah, that's the company you keep
They got the words, oh yeahWell, there never was a time when you didn't try to lord me over
Never was there a time when I felt bad for you
Whenever you had the chance, the way I see it, you tried to screw me over
Never was there a time when I wasn't there for youYou gotta look before you leap
You gotta look before you leap
Glock, glock, look before you leap
And take a good look at your so-called friends
Yeah, that's the company you keep
You've got words coming at you from all directionsYou gotta look before you leap
And take a good look at your so-called friends
Yeah, that's the company you keep
They got the words, oh yeah, they got the words, oh yeah
They keep flying their flags but they're never gonna understand
