

# Keep Huggin' that Tree (Cuz I Got a Chainsaw)

## Scuzz Twittly

You love the grizzly bears  
and the redwood trees  
You wanna save the whales  
and the honeybees  
You like to pet the chickens  
and kiss their beaks  
Well I've had about enough  
of you damn hippie freaks

So keep huggin' that tree  
cuz I got a chainsaw

You want to cuddle the cows  
and snuggle the pigs  
You lay around munching  
on berries and twigs  
You won't eat bacon  
unless it's made from tofu  
there's something really really  
fuckin' wrong with you

Keep huggin' that tree  
cuz I got a chainsaw

You want seaweed salad  
and lentil soup  
why don't you take a fuckin' shower  
cuz you smell like poop  
I'd like to run you off the road  
in your electric car  
because thanks to you  
I can't smoke in a bar

Keep huggin' that tree  
cuz I got a chainsaw

Why don't you move to the forest  
and live off bark  
the stars are awful purty  
when it gets real dark

you'll feel at peace among nature's grace  
you can tell the wolves you love  
them while they chew off your face

And keep huggin' that tree  
cuz I got a chainsaw

Now don't get me wrong  
I think nature's great  
I've had every kind of varmint  
on my dinner plate  
Why don't you come on over  
and dine with me?  
I'm gonna barbecue a panda  
and it's gluten free

Keep huggin' that tree  
cuz I got a chainsaw

Yeah keep hugging that tree  
cuz I got a chainsaw»¿
