I've got my reasons and my reasons are sound
I've got my reasons and my reasons are sound
I've got my reasons and my reasons are sound
I've got my reasons and my reasons are soundI've got my reasons and my reasons are sound
I've got my reasons and my reasons are sound
I've got my reasons and my reasons are sound
I've got my reasons and my reasons are soundMother
Of a man in hell
'Cause soon before I pray for care
I think they got a price to pay
Or heal my decayMother, mother, motherLies beneath a light
I'm a-suffering for
I've got nothing arranged to kill
The pain
I've got nothing arranged to kill
The pain
I've got nothing arranged to kill
The pain
I've got nothing arranged to kill
The painI've got my reasons, I've got my reasons
I've got my reasons, I've got my reasons
I've got my reasons, I've got my reasons
I've got my reasons, I've got my reasonsMother
I'm a man in hell
Just looking for a place to care
They've got a fucking price to pay
Or heal my decayMother, mother, mother
Mother, mother
