It's Alright

Poor Man's Poison

I tend to pray what I'm thinking
And I tend to dream when I'm drinking
And if you knew me, say that he's a fool, but I like him anyways
And that's alright with me
It's alright with me

I tend to laugh when it's worth it
I look for something bad when it's perfect
And if she knew me, she'd say that she's afraid
But she loves me anyways
And that's alright with me
It's alright with me

Yeah that's alright with me
That's alright with me
Well I've got friends but not too many
And I can count them all on my two hands
And since they know me they can say who do you trust
And there's not too many these days
And that's alright with me
It's alright with me
