

# Comeova2nite

## (Hed) P.E.

I'm fascinated with pussy, Patron on percocets  
I graduated to groupie love and dirty sex  
Infatuated, Im runnin' with the devil  
I'm a god, I'm a rebel, I'm a dog, I'm a fuckin mess  
You wanna get in on my personal Armageddon  
You threatened by my recklessness, you powerless  
I'm obsessed, I'm possessed with the heart of a warrior  
Spawned and raised in Southern Killer California  
I got that bubble gum, yeah, I got that JD  
But JD only make a nigga crazy  
But Jagermeister make a nigga nicer  
And Grey Goose help the groupies get loose  
Yeah, there's a demon inside  
The slow suicide that can't be denied  
The Jekyll and Hyde, that Bonnie and Clyde, you dig?  
No regrets, no stress, never vex, no  
You take your time, you got time, you the next, yo  
Uh oh, uh oh, comeova2nite  
There's a riot in the parkin' lot, we dancin' in the moonlight  
Hey, hey, get your head right  
You a rock star, larger than life  
Uh oh, uh oh, comeova2nite  
There'll be fightin' in the parkin' lot and fuckin' in the moonlight  
Hey, hey, get your head right  
You a rock star, larger than life  
Rock star, yeah, let everybody know  
I just don't give a fuck  
Mami, I smoke and I drink  
I fuck, I fight, and I stay  
Punk rock for life  
Getting high in the club all night  
Mami, I know what you want  
The other boys not doin' it right  
You come on over and Ill fuck you all night  
For real though  
Shorty, I know you feel the electricity  
You can feel the fire risin', come and smoke a joint with me  
It's prophesy, a punk-rock-opracy  
And all shots are free when shorty rocks with me  
C'mon, forget about games, just give me that thing  
Gotta get inside her  
I'm a little insane, gotta give her that pain  
We're right behind her  
When I get her back home and when I get her alone  
I'm gonna hurt her  
Homicide, serial killer  
Baby, I murder ya  
Uh oh, uh oh, comeova2nite  
There's a riot in the parkin' lot, we dancin' in the moonlight  
Hey, hey, get your head right  
You a rock star, larger than life  
Uh oh, uh oh, comeova2nite

There'll be fightin' in the parkin' lot and fuckin' in the moonlight  
Hey, hey, get your head right  
You a rock star, larger than lifeRock star, yeah, let everybody know  
I just don't give a fuck  
Rock star, yeah, let everybody know  
I just don't give a fuckI live my life on the edge so that I might jump if you push me  
Got the infrared on the ride, punk for punk pussies  
I pull up in the Bentley, I fend the good weed and Hennessey  
Trunk full of fully's and semi's for my enemiesAm I foolish for my ways? Maybe but I'm gettin' paid, baby  
Grew up in the '80s, they labeled us 'Ronald Reagan Babies'  
Obsessed with money and sex, cars and jewelry  
Everybody dyin', who's next? Could be you or meHeavily sedated, I've never been this faded  
Investigators pursuin' me, tapin' my conversations  
Coz the shit I say will prolly get me killed  
Lyin' niggas wanna body me but I don't think they willScarface Gotti got a posse a dog-faced who was shot  
He's in the car chase, tryin' to escape from paparazzi  
I'm a block star known as the glock star  
With shots popped off, in the moonlight duckin' from cop carsUh oh, uh oh, comeova2nite  
There's a riot in the parkin' lot, we dancin' in the moonlight  
Hey, hey, get your head right  
You a rock star, larger than lifeUh oh, uh oh, comeova2nite
