

# Part of Your Life

## The Outfield

You're takin' this hard and I still don't know  
If we've got a problem, I'll let you go  
I don't wanna be just a part of your life I can't complain if I'm not sure  
I'll only remain if you're still pure  
I'm not gonna be just a part of your life You know I won't share you with another man  
So don't expect me to try and understand  
I don't wanna be just a part of your life There's another choice, there's another dream  
There's another place, another reason for livin'  
There's another face, there's another mind  
There's another soul, another heart I could find  
I don't wanna be just a part of your life I don't wanna know what might be wrong  
Start looking for something that might be gone  
I'm not gonna be just a part of your life Making up for lost time won't ease the pain  
Or start looking for something just to ease the strain  
I don't wanna be just a part of your life There's another choice, there's another dream  
There's another place, another reason for livin'  
There's another face, there's another mind  
There's another soul, another heart I could find  
I don't wanna be just a part of your life I don't want a friend just to turn to  
I don't need a hand that can only pull me through  
I'm not gonna be just a part of your life  
I don't wanna be just a part of your life I'm not gonna be just a part of your life  
I'm not gonna be just a part of your life  
I don't wanna be just a part of your life  
I'm not gonna be just a part of your life
