

Do Something

Betty Boop

There's the moon way up high
Here are you and here am I
Oh do something
Boop Oop a Doop

Its been told and explained
That nothings tried is nothings gain
Oh do do oh come on hunny do something
Boop Oop a Doop

I've got the time and place
And the place and time I know
I've got a bench and a park
And a park with a bench and all
Boop Oop a Doop

Sitting around seems so dumb
hurry dear I'm getting numb
Oh do do
Boop Oop a Doop a Doop
Boop Oop a Doop!
