

# On My Knees

## Rio and the Rockabilly Revival

Well I'm rolling in the fire  
Consumed in my desire  
On my knees in the chapel of love  
You make me wanna all the time  
I don't care if I go blind  
On my knees in the chapel of love  
Oh Yes I'm on my knees in the chapel of love Take me down into your sea  
Pull me under, wash me clean  
On my knees in the chapel of love  
Oh now baby hear my plea  
Tend that garden, sow that seed, yes  
On my knees in the chapel of love  
Oh yes I'm on my knees in the chapel of love In my blood and in my soul,  
I confess, truth be told  
On my knees in love  
In my blood and in my soul,  
I confess, truth be told  
On my knees in love Salvation here with me, girl  
On your knees in the chapel of love, girl  
Temptation burning brighter, yeah  
On my knees in the chapel of love, girl He said, "Let me turn that key, find salvation here with me, girl.  
(Salvation here with me, girl)  
On your knees in the chapel of love, girl."  
"With temptation burning brighter, redemption through the fire,  
(Temptation burning brighter)  
On your knees in the chapel of love, girl" In my blood and in my soul, I confess, truth be told  
(Salvation here with me, girl)  
On my knees in the chapel of love (in the chapel of love)  
In my blood and in my soul, I confess, truth be told  
(Temptation burning brighter)  
On my knees in the chapel of love  
Oh! I'm on my knees in the chapel of love  
I'm on my knees  
(On my knees in the chapel of love)  
I'm on my knees  
(On my knees in the chapel of love) Ah ah... (repeat)
