Pit of Zombies

Cannibal Corpse

Captured by the priest of evil
Deep inside the hive
Hellish dungeon filled with undead
Their rotting claws reaching for my legsI hang above the ghouls
I know they want me for their food
Overwhelmed by deadly fear
Hung above the Zombie lairHanging by a thread above them
Taken here to die
Rotting hands reaching for me
Their undead eyes see me as a mealThey want to eat alive
Mindless hunger in their eyes
Filthy claws grasp at my feet
Slashing wounds, my ankles bleedPit of zombies
Chasm teeming with undead
Death is grisly
Lowered slightly now they reach meI scream in frantic pain
Tearing off my feet with fury
The pain intense below my knees
My legs have been removedThey suck the blood from the wounds
Voracious zombies rend my thighs
They pull me down, my corpse
They will dividePit of zombies
Chasm teeming with undead
Their jaws await me
A gruesome end the
Pit of zombies
Reanimated to devour
I watch them kill meThey claw at my face
And rip off my scalp
Exposing my skull
Arteries severedGushing blood showers them drives
Them mad raging mob
A hideous feastPuncture my stomach and
Tear out the guts
Devour entrails
Rotting zombies have torn me apart
They gorge on my fleshEngulfed
Consumed
This pit

My doomEngulfed alive
Consumed by death
This pit of zombies
My doom is herePit of zombies
Chasm teeming with undead
Their jaws await me
A gruesome end the pit of zombies
Reanimated to devour
I watch them kill me
