

# Pit of Zombies

## Cannibal Corpse

Captured by the priest of evil  
Deep inside the hive  
Hellish dungeon filled with undead  
Their rotting claws reaching for my legs I hang above the ghouls  
I know they want me for their food  
Overwhelmed by deadly fear  
Hung above the Zombie lair Hanging by a thread above them  
Taken here to die  
Rotting hands reaching for me  
Their undead eyes see me as a meal They want to eat alive  
Mindless hunger in their eyes  
Filthy claws grasp at my feet  
Slashing wounds, my ankles bleed Pit of zombies  
Chasm teeming with undead  
Death is grisly  
Lowered slightly now they reach me I scream in frantic pain  
Tearing off my feet with fury  
The pain intense below my knees  
My legs have been removed They suck the blood from the wounds  
Voracious zombies rend my thighs  
They pull me down, my corpse  
They will divide Pit of zombies  
Chasm teeming with undead  
Their jaws await me  
A gruesome end the  
Pit of zombies  
Reanimated to devour  
I watch them kill me They claw at my face  
And rip off my scalp  
Exposing my skull  
Arteries severed Gushing blood showers them drives  
Them mad raging mob  
A hideous feast Puncture my stomach and  
Tear out the guts  
Devour entrails  
Rotting zombies have torn me apart  
They gorge on my flesh Engulfed  
Consumed  
This pit

My doom Engulfed alive  
Consumed by death  
This pit of zombies  
My doom is here Pit of zombies  
Chasm teeming with undead  
Their jaws await me  
A gruesome end the pit of zombies  
Reanimated to devour  
I watch them kill me
