

Take Me Back (Radio Edit)

Tinchy Stryder

Cos i cant live without ya oh oh oh
(girl i cant live without ya oh oh oh oh oh oh)
Cloud 9 strides
cos i cant live without ya oh oh oh
girl i cant live without ya oh oh oh oh oh.

I approach females in a hot boy style
like im the one try me
theres me thinking im moving slyly
your friend was out there
with both eyes on me
now i feel wrong cause u caught me
i can make it up to you trust me

If you said no id deal wiv dat
i was hopin u'd take me back
PLEASE!

i'm sorry i misleded you pretty lady
i'm sorry i mistreated u pretty lady
im sorry i hurt you pretty lady
All i need to know is

{can u take me back}X8

cos i cant live without ya oh oh oh
Girl i cant live without ya oh oh oh

Look i know u got played nd dat
And its only right that ur feeling let alone and rating that
but babe, its a fact, they come with the latest map
i had to live by that, i spent nights in ur bedrins flat.
