

Heartlight (Polygon)

TS7

I see you, I see you..I couldn't hide if I wanted.
And there's no way to keep it all inside.
When you're around I just can't stop it,
you light me up in ways I can't describe.
And I like the way you get in my mind,
you get in the deepest parts of my mind.

you turn up my heartlight and you don't even have to try
x3
and you don't even have to try, and you don't even have to try

I couldn't hide if I wanted.
And there's no way to keep it all inside.
When you're around I just can't stop it,
you light me up in ways I can't describe.
And I like the way you get in my mind,
you get in the deepest parts of my mind.

you turn up my heartlight and you don't even have to try
x3
and you don't even have to try, and you don't even have to try

and oh, it feels so natural to me,
as it takes control, it's pulling you closer to me

you turn up my heartlight and you don't even have to try
x3
and you don't even have to try, and you don't even have to try
