Playing The Part

Comeback Kid

Take a hit
Push me down
And leave me on the ground
So long
I should have seen this
Coming my wayNO- I didn't say the
World would end
I know good things come and go
And things aren't the sameThings aren't the same
With out youTime to face all my mistakes
The curtains opened up
I'm on stage for all to see
For all to see through me
