

The Bridge

Elton John

I've seen the bridge and the bridge is long
And they built it high and they built it strong
 Strong enough to hold the weight of time
 Long enough to leave some of us behind
 And every one of us has to face that day
Do you cross the bridge or do you fade away?
 And every one of us that ever came to play
 Has to cross the bridge or fade away
 Standing on the bridge, looking at the waves
 Seen so many jump, never seen one saved
 On a distant beach, your song can die
 On a bitter wind, on a cruel tide
 And every one of us has to face that day

Do you cross the bridge or do you fade away?
 And every one of us that ever came to play
 Has to cross the bridge or fade away
 And the bridge, it shines
 Oh, cold, hard iron
 Saying, ?Come and risk it all
 Or die trying?
 And every one of us has to face that day
Do you cross the bridge or do you fade away?
 And every one of us that ever came to play
 Has to cross the bridge or fade away
 Has to cross the bridge or fade away
