

# Evil Mind

## Zonata

Crawling through age with your anger and rage  
Hiding away from your past Here in this time we ain't living in crime  
You can not ignore our rules Don't try to challenge our God  
Cause he's got the strength that no man possess  
Don't be a pain in his ass abandon your evil thoughts I am a man who is send to your land  
To defeat your mighty one  
I will bring darkness with honour and pride  
Please tell your Lord to hide  
Don't try to challenge our God  
Cause he's got the strength that no man possess  
Don't be a pain in his ass abandon your evil thoughts He have to fight I will challenge he's might  
And soon I will rule this world  
Don't be to sure our God will not fall  
He will destroy your black force Don't try to challenge our God  
Cause he's got the strength that no man possess  
Don't be a pain in his ass abandon your evil thoughts
