

# More to This

## Kim Rose

People get ready  
For something like you've never seen  
    Open up your eyes  
    Open up your heart  
    Open up your arms  
And let the Spirit of the Savior set you free  
Ooh, yeah, you ain't seen nothing yet  
    Well, all the rumors are true  
    I don't know about you  
    But I know, there's more to this  
    People, here it is  
Just what we've all been waitin' for  
    Open up your eyes  
    Open up your heart  
    Open up your arms  
Let the Spirit of the Savior set you free  
Ooh, yeah, you ain't seen nothing yet  
    Well, all the rumors are true  
    I don't know about you  
    But I know, there's more to this  
    Oh no, oh no, it doesn't all end here  
    Don't think this is the end  
    I will tell you again  
    That I know, there's more to this  
        There's more to life  
        Than being born and dying  
        There's more to life  
        Than slowly growing old  
        If we are wise  
    We'll keep our eyes on Jesus  
    Or miss out on the very thing that  
        God has made us for  
    Ooh, yeah yeah, you ain't seen nothing yet  
        All the rumors are true  
        I don't know about you  
        But I know, there's more to this  
        Oh no, oh oh, it doesn't all end here  
        I don't think this is the end  
        I will tell you again

That I know, there's more to this, there's more to this
