Mr Heartbreak

Delegation

I see your face every night and day
The thought of you just wont go away
One day a smile next day a tear
Cant understand why I need you here why I need you hereMr. Heartbreak go away from me Mr. Heartbreak just let me be yeahYou hold my dreams and whip me with your pain
You warped my mind Ill never be the same
One day a smile next day a tear
Cant understand why I need you here why I need you hereMr. Heartbreak go away from me Mr. Heartbreak just let me beOne day a smile next day a tear
Cant understand why I need you here why I need you hereMr. Heartbreak go away from me Mr. Heartbreak just let me be
Mr. Heartbreak go away from me Mr. Heartbreak just let me be
