Why Me, Why Now (Cicada Mix)

Blu Mar Ten

There's someone out there selling one way tickets to the edge of the world...
Yeah, I think I'll go around and buy me some.
'Cause I can't even find my peace while listening to the radio,
No....the songs, some sing about us.Why me, why now?
Thought I had it figured out but my heart wont shut down.
Why me why now?
I'll be caught red-handed when love comes around.I wish I never met you I was doing fine all on my own...till you came passing by.
I wish I stayed not never knowing how emotions really feel...this is real.
The rules just don't apply.Why me, why now?
Thought I had it figured out but my heart won't shut down.
Why me, why now?
I'll be caught red-handed when love comes around.
