## The Walkmen

Somebodys waiting for me at home  
Somebodys waiting for me at home  
I shouldve known  
I shouldve knownAnd somebodys got a car outside  
somebodys got a car outside  
Lets take a ride  
Lets take a rideSomebodys waiting for me at home  
Somebodys waiting for me at home  
I shouldve known  
I shouldve knownAnd somebodys got a car outside  
somebodys got a car outside  
Lets take a rideI know that its late  
But I dont want to go  
Somebodys waiting for me at home  
I should have known  
I should have knownCause you can run and have your fun  
But dont come around  
When she is so awake  
Better go run ohhAs you can tell I am the parlor  
thats open tonight  
Come on in I gotcha tonight  
I shouldve chose  
I shouldve choseCause you can run  
And have your fun  
But dont come around  
When she gets home
