

Walking Like Giants

Stars Go Dim

Life seems like an uphill battle
Like more than you can handle
But we have a hope that it's real (oh-oh)
And there's power that lives inside us
We were made with hearts like lions
We're not given a spirit of fear
His strength inside us, we are fighters
Made to rise, with faith alive
We're standing ten feet high We're not giving up, when struggles come, they're not big enough (ooh-ooh)
There's no stopping us, we're fearless inside, we're walking like giants
We're not giving up, with every step He's still here with us (ooh-ooh)
Whatever comes our way
We'll be walking like giants, walking like giants It might seem like the biggest mountains
Got you surrounded
But there's a God above it all (oh-oh)
No fear, we keep moving forward
Yeah, we're marching on like soldiers
No such thing as impossible We're not giving up, when struggles come, they're not big enough (ooh-ooh)
There's no stopping us, we're fearless inside, we're walking like giants
We're not giving up, with every step He's still here with us (ooh-ooh)
Whatever comes our way
We'll be walking like giants, walking like giants We're walking like giants Whatever may come, we're rising
above
Through fire or rain, nothing's stopping us
Whatever may come, we're rising above
Through fire or rain, nothing's stopping us We're not giving up, when struggles come, they're not big enough
(ooh-ooh)
There's no stopping us, we're fearless inside, we're walking like giants
We're not giving up, with every step He's still here with us (ooh-ooh)
Whatever comes our way
We'll be walking like giants, walking like giants Whatever may come, we're rising above
Through fire or rain, nothing's stopping us
Whatever may come, we're rising above
Through fire or rain, nothing's stopping us
