Kierra Sheard

(Verse) Tell 'em what you wanted, you ain't even sayin' much (much)

Talk about your big dreams, you might find 'em judged (judge)

They used to be the norm, and you clean out the (box)

Kids runnin' wild (Bridge) (Your, your) Your dreams are (Bigger)

Than what you (see)

Don't let that get you to disbelief

They can move mountains (Oh)

Don't you forget it (Oh)

The door is open for you (Pre-Chorus) (What are you waiting for?)

Yea... the desire of your heart is right there

Your... name is all over it

So... (Chorus) Go, go, go, go

Say that it's all your's

Go, go, go, go

It's been promised to you (Verse) Happened in the past you may never forget (So)

Stay to course; believe you were born for 'da best (Huh)

(Said I didn't have what it takes (What it takes)

To mend a dream and a plate on my thoughts Spoken: But I was like, "Hold up," I went for mine, (Yup)

Lost stuff that kept my mind, (Yup)

And I redirected my energy

Because I believe

In my dream; in my self

To do greater things

So we focused, we rollin', let's go

(Oh, oh, oh, oh, oh) (Pre-Chorus)

(Chorus) 5x Dream it belongs to you

It's a gift to you It's been promised to you 3x
