Rocket

[The Pack A.D.](#)

It's easy to see there's a villain inside of me
But everyone's busy enjoying my disease
I close my eyes and sigh and I see the ending
everything charred inside and crooked and bending
And it burns, burns, burns, burns, and diesWhat if I made all the stars go out for me?
Killed the light that covers everything you see
Like a fire that burns and leaves its ashen heart
I would be the rocket burning in the darkThis chair that I'm confined to
it destroys me
And I am conformed to a situation of worry
The sky is the limit, the sky is mine
and it's gettin' blurry
The sky is the limit and the clouds are parting
in a hurry
And it turns, turns, turns, turns and criesWhat if I made all the stars go out for me?
Killed the light that covers everything you see
Like a fire that burns and leaves its ashen heart
I would be the rocket burning in the darkThere's a hole in the sun
And I will destroy what we have doneWhat if I made all the stars go out for me?
Killed the light that covers everything you see
Like a fire that burns and leaves its ashen heart
I would be the rocket burnin' in the dark
I would be the rocket
I would be the rocket
I would be the rocket
I would be the rocket
I would be the rocket
I would be the rocket...
