

# Let's Limbo Some More

## Chubby Checker

Come on everybody clap your hands  
Now you're looking good  
I'm gonna sing my song and you won't take long  
We gotta do the twist and it goes like thisCome on let's twist again like we did last summer  
Yea, let's twist again like we did last year  
Do you remember when things were really hummin'  
Yea, let's twist again, twistin' time is hereYeah round 'n around 'n up 'n down we go again  
Oh baby make me know you love me so then  
Come on let's twist again like we did last summer  
Yea, let's twist again, twistin' time is hereCome on let's twist again like we did last summer  
Yea, let's twist again like we did last year  
Do you remember when things were really hummin'  
Yea, let's twist again, twistin' time is here
