The Wretched Spawn (Live - Party San 2005)

Cannibal Corpse

Conceived through rape, procreate, a vicious brood
Ravaging intercourse, penetrate with corse
Forsaken, nudeSpawn of the wretched, born of the rape
Dawn of the murdering beasts of hate
Spawn of the wretched cunt defiled
Pawn of the darkness, blasphemous child
The wretched spawn, inherently vileInherited traits, reprobate from birth an urge
No chance to change, born deranged
Violence will emergeSpawn of the wretched, born of the rape
Dawn of the murdering beasts of hate
Spawn of the wretched cunt defiled
Pawn of the darkness, blasphemous child
The wretched spawn, inherently vileSpawn of the wretched, bred from the damned
Gone are the instincts normal of man
Spawn of the wanton loins of the cruel
Spawned by brute force used as a tool
The wretched spawn, violence will ruleHeredity dictates brutality
Groomed to carry the legacy
Genres of the butchers, a killing breed
Revel in making the helpless breedScion of the murders, a bloodline so profance
Born insane, predestined to annihilate
Throughout sinister eugenics, sworn to kill, they willIt was made to kill, massacre the innocents
A slaughter without meaning
Bleed, screaming, only one remains untouched
Her fate is violation, vile, impregnation
