Devil's Angels

Danzig

No place of our own
Nowhere we can be alone
Nowhere we can go
Where the people don't know
That we're devil's angels
Angels on the run
We can't see the harm that's done
Thinking all along
That it's right to be wrong
When we're? devil's angels

Angels riding into hell
Riding into hell
Like thunder
Motherfucker!
Looking for the way
Hoping we don't have to pay
But we never learn
Angels can't get burned
When we're devil's angels
