

Lay It Down

Peter Bjorn and John

Hey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl
You have already had enoughHey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl
You have already had enoughYou sure can get it up
At least that's what you say
You don't know how to stop
You just can't walk awayAnd when we saw her face
You said she's something else
I know you just can't wait
This's more than I can takeYou just can't play it down
You just can't play it down
You just gonna lay her downHey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl
You have already had enoughHey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl
You have already had enoughIt's getting hard to see
Through all our history
I guess it's in your blood
On that we can agreeAnd when we saw her face
I said she's something else
She was your only hope
And still you let her downYou just can't play it down
You just can't play it down
You're just gonna let her downHey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl
You have already had enoughHey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl
You have already had enoughHey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl
You have already had enough
